| **1)** What are the quarantine plan requirements for the following groups?  
  a. Tourists both American and European renting an RV  
  b. Tourist groups arriving via motorcoach or bus together  
  c. International travellers | First it is important to note that only fully vaccinated foreign nationals are/will be allowed to enter Canada for discretionary travel on the following dates if they meet specific criteria:  
  - Since August 9: American citizens and permanent residents of the United States, who currently reside in the United States, who meet specific criteria to qualify as fully vaccinated  
  - As of September 7 (tentative): All other foreign nationals who qualify as fully vaccinated  
  If they qualify for the fully vaccinated exemption, travellers are exempt from both the quarantine, and the day-8 testing requirement. For information on the specific criteria to qualify for exemption, please refer to our website: [https://travel.gc.ca/travel-covid/travel-restrictions/covid-vaccinated-travellers-entering-canada#determine-fully](https://travel.gc.ca/travel-covid/travel-restrictions/covid-vaccinated-travellers-entering-canada#determine-fully)  
  This website includes a tool for travellers to assess their quarantine plans: [https://travel.gc.ca/travel-covid/travel-restrictions/isolation/quarantine-start](https://travel.gc.ca/travel-covid/travel-restrictions/isolation/quarantine-start) |
| **2)** Is a rented/owned RV considered a suitable quarantine lodging? | Please refer to the above response as only fully vaccinated international travellers will be allowed to enter Canada. For other Canadian or permanent residents travelling to Canada, whom are not fully vaccinated, require to quarantine for 14 days. A RVs can be considered a suitable quarantine location as long as the RV has its own bathroom, kitchen, water, food, etc. |
| **3)** Are there plans for expanded testing capabilities - specifically in rural areas near the US border – difficult to find a location to get PCR tests? | The federal government is responsible for testing incoming travellers in airports.  
  Outbound Canadians travelling to the US can get tested in their local health authority or at private sector providers, such as: [https://www.dynacare.ca/important-notices/covid-19-important-information.aspx](https://www.dynacare.ca/important-notices/covid-19-important-information.aspx)  
| **4)** US citizens travelling to Canada are required to have a rapid Covid-19 negative test to return to the US. It is difficult to find information about where outbound visitors can get tested to return to their home countries. Many foreigners will be subject to the same requirements from around the globe. Is there a resource for this? | Foreign nationals and returning Canadians can find information on testing locations around the globe at the following website: [https://travel.gc.ca/travel-covid/travel-restrictions/flying-canada-checklist/covid-19-testing-travellers-coming-into-canada#getting-tested](https://travel.gc.ca/travel-covid/travel-restrictions/flying-canada-checklist/covid-19-testing-travellers-coming-into-canada#getting-tested)  
  Foreign visitors can get tested at private sector providers, such as: [https://www.dynacare.ca/important-notices/covid-19-important-information.aspx](https://www.dynacare.ca/important-notices/covid-19-important-information.aspx)
